CAREER OBJECTIVE

- Entry-Level Full-Stack Developer with experience building web applications using React.js, Node.js, and the MERN stack.
- Proficient in integrating RESTful APIs, implementing JWT-based authentication, and delivering frontend–backend integration.
- Seeking a Software Engineer role to apply full-stack development expertise, contribute to scalable web and application solutions, and grow within a collaborative, innovation-driven engineering team.

PROJECTS

Job Portal – Full-Stack MERN Application | 🔗 **Live Demo: https://jobportal-frontend-ten.vercel.app**

- Architected and developed a scalable full-stack Job Portal using the MERN stack, enabling employers to post listings and candidates to apply through a fully integrated, responsive interface.
- Engineered secure RESTful APIs with JWT-based authentication and Role-Based Access Control (RBAC), enforcing protected routes across Admin, Employer, and Candidate roles.
- Designed job posting, application management, and user workflow APIs following MVC architecture for scalability.
- Integrated Cloudinary for cloud-based resume uploads with file validation and error handling, ensuring reliable persistent storage and retrieval.
- Deployed the application on Vercel with environment-based configuration, achieving high availability and continuous delivery.
- Delivered a performance-optimized, cross-device responsive UI in React.js with dynamic routing and state management.

CERTIFICATIONS

- J.P. Morgan – Software Engineering Job Simulation
- AWS – Solutions Architecture Job Simulation
- Deloitte Australia – Data Analytics Job Simulation
- Walmart USA – Advanced Software Engineering Job Simulation
- DataCom – Cybersecurity Fundamentals
- Docker – Containerization & Deployment

🔗 Certificates: **https://drive.google.com/file/d/1FH-uXXmyMsILWGyvCgmUwxa9H5lkJSTr/view**

TECHNICAL SKILLS

Languages: JavaScript, Python, HTML, CSS, Java (Basics)

Frameworks & Libraries: React.js, Node.js, Express.js

Databases: MongoDB, SQL (Basics)

Cloud & DevOps: AWS, Docker, Vercel, Netlify, Render

Cybersecurity: Network Security & Cybersecurity Fundamentals

Tools: Git, GitHub, Postman, VS Code, Trello

Key Concepts: REST APIs, JWT Authentication, RBAC, Data Structures, MVC Architecture, Problem Solving, Scalable Application Design

EDUCATION

Bachelor of Science in Information Technology (BSc IT)
L.S. Raheja College, University of Mumbai | 2023 – 2026 (Pursuing)

Higher Secondary Certificate (HSC)
Durga Devi Saraf Junior College | Completed in 2020

SOFT SKILLS

Problem Solving | Team Collaboration | Adaptability | Quick Learning | Communication
