PROFESSIONAL SUMMARY

Full Stack Developer (MERN) with 2 live, deployed production applications — including real-time WebSocket systems, AI API integrations (Groq + Google Gemini), and Razorpay payment flows with HMAC server-side verification.

Hands-on with the complete stack: React frontends, Node.js/Express backends, MongoDB, CI/CD via GitHub Actions, and cloud deployments on Vercel and Render.

Seeking a Full Stack Developer role to contribute production-ready features across the complete stack, participate in code reviews, and grow within a strong engineering team.

PROJECTS

ReWear – Pre-Loved Fashion Marketplace | Stack: MERN, Socket.io, Groq, Gemini, Razorpay, Cloudinary, GitHub Actions

Live: rewear-dusky.vercel.app

- Engineered fault-tolerant hybrid AI integration — Groq (LLaMA 3.1) for text + Google Gemini for vision-based resale price estimation — with 3-key rotation and 2-model fallback chain per provider for production-grade quota resilience.
- Built production-grade real-time MERN + Socket.io marketplace with RBAC across 2 roles (Admin, User), bidirectional chat, and Cloudinary media uploads via `upload_stream` pipeline.
- Architected in-chat price negotiation engine (offer/counter-offer/decline, 2-round limit) persisted across 5 message types using atomic MongoDB operations — eliminating inconsistent transaction states.
- Integrated Razorpay with HMAC signature verification guarding 2 checkout flows against race conditions; deployed via GitHub Actions CI + Vercel/Render CD — zero hard-refresh failures in production.
- Secured Socket.io connections via JWT handshake middleware; enforced 5-status listing lifecycle (pending → approved → rejected → sold → inactive) with admin moderation layer.

Job Portal – Full-Stack MERN Application | Stack: MERN, JWT, Cloudinary, Multer, GitHub Actions

Live: jobportal-frontend-ten.vercel.app

- Architected scalable MERN Job Portal with RBAC across 2 roles (Recruiter, Job Seeker) — 15+ RESTful APIs on MVC architecture with JWT authentication and fully protected routes.
- Built dynamic job filtering across multiple parameters with complete application lifecycle management, clean separation of concerns, and REST best practices throughout.
- Integrated Cloudinary for cloud-based resume storage with Multer validation; delivered performance-optimized React frontend with code-splitting, lazy loading, and fully responsive UI.
- Tested and validated 15+ APIs using Postman across both user roles; configured GitHub Actions deployment workflows ensuring production stability through environment-based configuration.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, HTML5, CSS3, Java

Frameworks & Libraries: React.js (v18), Node.js, Express.js, Socket.io, Tailwind CSS, Axios, Multer, Mongoose ODM

AI & APIs: Google Gemini API, Groq API (LLaMA 3.1), multi-turn conversational AI, REST API design, Postman (API testing & documentation)

Databases: MongoDB (atomic operations, aggregation pipelines, indexing), SQL

Cloud & DevOps: AWS, Docker, Vercel, Render, Netlify, Cloudinary, CI/CD (GitHub Actions)

Payments & Security: Razorpay, HMAC Signature Verification, JWT, Bcrypt, RBAC, Cybersecurity Fundamentals

Methodologies: Agile, Scrum, MVC Architecture, code reviews, SDLC

Key Concepts: Real-time applications (WebSockets), race condition prevention, code splitting (Lazy Load + Suspense), SPA routing, state modeling

CERTIFICATIONS

J.P. Morgan – Software Engineering Job Simulation AWS – Solutions Architecture Job Simulation

Docker – Containerization & Deployment Deloitte Australia – Data Analytics Job Simulation

Walmart USA – Advanced Software Engineering Job Simulation DataCom – Cybersecurity Fundamentals

Certificates: drive.google.com/file/d/1FH-uXXmyMslLWGyvCgmUwxa9H5IkJSTr/view

EDUCATION

Bachelor of Science in Information Technology (BSc IT) — L.S. Raheja College, University of Mumbai | 2023 – 2026

Diploma in Pharmacy (D.Pharm) — Maharashtra State Board of Technical Education | 2020 – 2023

Higher Secondary Certificate (HSC) — Durga Devi Saraf Junior College | 2020
